Through
The Collector of South Kanara,
and the Revenue Divisional Officer,
Mangalore.

Sir,

I have the honour to state that in G. O. No. 856 Rev. dated 12th April 1907 the control of the Maidan at Mangalore was transferred to the Municipal Council.

2. The correspondence that ultimately led to the order under the above G. O. would show that a portion of the ---- Maidan is to be rented out from time to time to circus and dramatic troups.

DISTRICT 28 JAN 20 MANGALORE

3. This practice of allowing circuses and dramas on the maid continued up to 1913 when on objections from some residents in the vicinity of the Maidan, Government in G. O. No. 1035 M

(U)

Mis

Mis., dated26th May 1913 ordered that the Maidan near the St. Paul's Church should not be leased out for dramatic entertainments and circuses.

4 In this connection it is necessary to bring to the kind notice of Government that till 1913 the Municipality was realising every year about Rs. 200/- from circus and dramatic companies and out of this source of income and also partly from --- Municipal funds the Maidan was considerably repaired and kept in order.

5 That since 1913 for want of sufficient funds proper - care could not be taken and the Maidan is again getting out-. of repair and some portions especially the northern and western sides are cut up in places. In some places portions are ---- washed out and ditches formed.

If attempts at earnest repair are not at once made the beautiful Maidan will soon be disfigured and present a painful sight.

6 In anticipation of Council's sanction the repair of - the southern side which is most cut up and washed away is ---- taken up. The estimated cost is about. Rs. 150/-.

7 Repair to the northern side also is very urgent. The --- Maidan slopes gradually to the north and south-west. The --- building up of the northern and north-western sides in order to let rain water fall to the side ditches from a height ---- slightly higher than the Maidan level at the places will save washing away of mud year after year. This portion of the - work may cost about Rs. 750/-. and can conveniently be done in the course of two years provided the Maidan fetches some ---- income from circus and dramatic companies.

Ever since the Maidan ceased to be let out to circus -- companies

companies etc., these entertainments are being held either on Mrs. Brito's compound immediately adjoining the north-eastern corner of the Maidan or on the Police grounds adjoining the - Maidan on the eastern side. If performances on the Maidan is nuisance they are greater nuisance on the above sites, -- space in either place being limited and both being nearer -- dwelling houses.

10 Circus troups and dramatic companies were up to 1913 -- using almost the centre of the Maidan a portion nearer to the St. Paul's Church.

11 To solve the difficulty if any and so that no objection may come from any resident I propose that the portion of the- Maidan on the northern side and in front of the Cosmopolitan Club and also to the north of the foot path on the Maidan leading from the market road to the south-east corner of the Taluk - compound gate, may be permitted to be leased out to circuses and dramas. At the present time the annual income from this source will not be less than Rs. 400/-.

DISTRICT TREASURY
28 JAN 20
MANGALORE

12 The sense of the public also is that these performaces should be permitted on the Maidan and not in congested and - unhealthy localities.

13 If on a reconsideration Government is pleased to grant this prayer the Municipality will see that the Maidan is --- properly used and maintained and that no inconvenience or dis comforts is caused to any resident.

14 Though the former proposal to plant casurina trees all round the Maidan has not been given effect to it is now ---- intended to do so. Such planting will give great scenic --- effect to the Maidan.

I have the honour to be

Sir,

Your most obedient servant

I see no objection to the proposed performances take place now regularly in the two places mentioned which are by the side of the harbour a none of the residents object, so that the only practical effect of the prohibition is to deprive the municipality of the fees it formerly obtained for music & bands are prohibited after 10. 30 p.m. I do not think that any resident will have any grounds for complaint.

RESOLUTION.-

The Board sees no objection to the present proposal of the Chairman,Municipal Council, Mangalore, as the Collector reports that the residents in the vicinity of the maidan have no objection.

The Board suggests, however, that the Municipality should be required to spend the whole of the income derived from leasing out the maidan on its maintenance and improvement. The Board observes that this was not being done formerly.

The Board also considers that the Collector's proposal that no music should be permitted after 10-30 P.M. is a proper restriction.

C.No.2051 M, from the Chairman, Municipal Council, Mangalore, No.484, dated 15th January 1920.

Subject:- Permission to lease out a portion of the maidan at Mangalore to circus and dramatic companies.

Rep

(A)

In G.O. No.856 Revenue, dated 12th April 1907 the maidan near St.Paul's church at Mangalore was transferred to the local Municipal Council subject, among others, to the condition that the site shall not be used for any other purpose than that of the recreation of the general public without the approval of Government. In 1913 the then Collector (Mr. Couchman) reported that the Council had been leasing out the maidan to circus and dramatic companies and recommended that such leasing out for the above purpose should be prohibited chiefly on the ground that the performances were a source of annoyance to the residents of the houses adjoining the maidan especially as they were attended with noisy bands. The Government accordngly directed the Council to discontinue the leasing of the maidan for circuses and dramatic performances.

(U) G.O. No 1035M 26-5-1913

2. The Chairman now solicits a reconsideration of the above order urging -

(a) that the council has not been able to keep the maidan in a proper state of repair as it has been prevented from getting any income by leasing it out as formerly,

paras 4 & 5, p2 ¶

(b) that if the prohibition is withdrawn leases may be issued so as to permit the holding of the performances at that part of the maidan which is farthest from the residential quarters so as to cause the residents no
